

BSI Training Academy Hong Kong

Training Schedule 2026

Highlights

ISO 14001:2026 Trainings

Supports organizations in managing the transition to ISO 14001:2026 through clear guidance on key changes.

[View Courses](#)

ISO 9001:2026 Trainings

Prepare for ISO 9001:2026 with confidence—gain practical insights into key updates and ensure a smooth, effective transition.

[View Course](#)

Carbon Crediting Programs Training Course

New released training by BSI and Asia Carbon Institute (ACI) delivering insights, frameworks, and tools for carbon markets.

[View Courses](#)

Blockchain-Based Credential Solutions

Showcase and verify your achievements instantly through a single trusted platform.

[View Solution](#)

On-Demand (e-learning)

BSI's on-demand training offers flexible, high-quality e-learning, and micro-learning modules, allowing you to study anytime, at your own pace.

Training Course Guide

BSI Training Academy's comprehensive guide to training courses and qualifications, designed to support your professional growth.

[View Guide](#)

About BSI Training Academy

Forward-thinking organizations are recognizing that to stay ahead of industry change, to win the talent war and to outperform the competition, they need to instill a culture of continuous learning and constant growth within their organizations.

Standing still is not an option. BSI Training Academy is key to this, supporting people and organizations to develop and progress toward a resilient future.

We are one of the largest training and certification bodies, we have helped shape many of the world's leading standards from ISO 9001 to ISO/IEC 27001.

We take the time to understand your company's learning needs to develop training solutions that satisfy your business objectives and your personal aspirations.

Our approach - accelerated learning via participation in activity-based learning and sharing with peers.

Expert tutors in their field - offering a world-class learning experience that our delegates rate as first class. They know best how to transform your organization by turning our experience into your expertise.

Internationally recognized BSI certificates - a BSI Training Academy certificate is a mark of expertise, quality and integrity.

BSI Blockchain-based solutions - enables you to showcase your achievements with just on click through a single trusted platform, powered by the Oregon Trail Decentralized Knowledge Graph and underlying blockchains. [Watch demo](#)

Choose from a variety of training delivery formats

Flexible and adaptable delivery methods to ensure your learning solution maximizes your strategic goals, whilst adapting to varying learning styles, levels of expertise, and location of you and your teams.

Virtual instructor led training (VILT)

With BSI's **live online training**, you can take the same high-quality classroom course with the same expert tutor, simply delivered in a virtual environment, regardless of where you're located.

Instructor led training (ILT)

Choose a date and venue near you, joining delegates from other companies. Our public training courses take place in convenient locations.

On-site at your premises (In-house)

The same high-quality training delivered face-to-face in your location.

On-demand eLearning (OD)

Our on-demand training delivers high-quality content using a combination of video, online course materials and embedded assessment, enabling you to study at your own pace, in your own time.

BSI Personal Qualifications

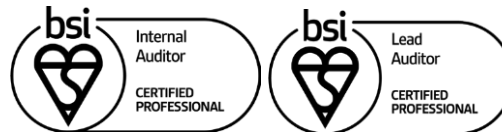

By successfully completing a combination of courses and assessments, you'll earn a BSI qualification and the right to use a BSI Mark of Trust.

The BSI 'Professional' badge is used by individuals who have passed a BSI training course successfully. The badge provides a strong and credible endorsement that can be displayed in a person's CV, LinkedIn profile, email signature or any similar information. In addition to highlighting a person's professional competence, it also provides confidence and helps you stand out.

Auditor Qualifications

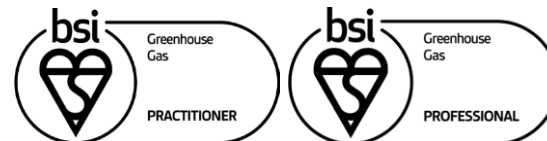

Internal Auditor and lead auditor pathway, with three stages (practitioner, professional and certified professional)

- ISO 9001 auditor qualifications
- ISO 13485 auditor qualifications
- ISO 14001 auditor qualifications
- ISO 20000 auditor qualifications
- ISO 22000 auditor qualifications
- ISO 22301 auditor qualifications
- ISO 45001 auditor qualifications
- ISO 50001 auditor qualifications
- ISO/IEC 27001 auditor qualifications
- ISO/IEC 42001 auditor qualifications

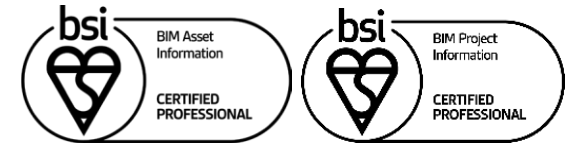

Greenhouse Gas Qualifications

Two stages (practitioner and professional)

BIM Qualifications

BIM assets and BIM project pathway, with 3 stages (practitioner, professional and certified professional)

Medical Devices Regulation Qualifications

Two stages (practitioner and professional)

- MDR QMS Practitioner Qualification

Food Safety Foundation Qualification

Foundation stage
