Sustainability and Health, Safety & Wellbeing

Training courses and qualifications, add value to your organization, whilst progressing your career.

Sustainability and health, safety and wellbeing: Shaping a sustainable future

Our mission is to empower you to inspire trust, foster excellence and ensure safety in your organization; driving positive change for a better world. In order to shape your sustainable future, we offer extensive range of services, across the three main thematic areas - the environment, society and governance - or ESG.

Environmental (E)
- Environmental Management ISO 14001
- Energy Management ISO 50001
- Climate / Greenhouse Gas Management (ISO 14060 family and related PAS)
- Sustainable Events ISO 20121
- Sustainable Infrastructure
- Water Efficiency ISO 46001
- Waste / Circular Economy BS 8001

Social (S)
- Health, Safety & Wellbeing (ISO 45001 and ISO 45003)
- Social Accountability SA 8000
- Sustainable Procurement ISO 20400
- Modern Slavery BS 25700
- Social Responsibility ISO 26000

Governance (G)
- Governance of organizations ISO 37000
- Anti-Bribery ISO 37001
- Compliance ISO 37301
- Information Security ISO/IEC 27001
- Business Continuity ISO 22301

Environmental, Social, Governance (ESG)
- Roundtable on Sustainable Palm Oil (RSPO)
- Malaysian Sustainable Palm Oil (MSPO)
- Sustainability Reporting Assurance (SRA)
- Sedex Members Ethical Trade Audit (SMETA)
- Responsible Business Alliance (RBA)

How BSI can help

Training
We support you with a range of qualifications and training courses. Multiple delivery formats are available to suit your busy schedules.

Gap assessment
Book a gap assessment with us and we will take a closer look at your existing management system or best practices. We will provide you with a report to help you identify the areas that are inline with the standards, and those areas that need further improvement.

Certification
Certification from BSI, as a reputable certification body, demonstrates your organization is committed to meeting high standards while enhancing your organization's credibility and reputation.

Internal and supplier audits*
Working with you, BSI can offer audits tailored to meet your organization's specific requirements, both internally and across your supply chain.

*Limitations may apply if pursuing BSI certification services.

Software tools and solutions
BSI Connect is the integrated technology solution hosting information such as status of assessments, corrective action plans and certificates - visible across your organization supporting decision making.

Sustainability courses and qualifications

Our growing range of courses and qualifications are here to equip you with the practical skills needed to plan, implement and drive success, whilst unlocking new career opportunities along the way.

Flexible delivery formats
- Virtual instructor led training (VILT) / Live online training
- Instructor led training (ILT) / Classroom-based training
- On-demand eLearning (OD)
- In-house training
