On-demand Learning

Learn with more flexibility with our growing range of on-demand eLearning courses. Our on-demand training delivers high-quality content, using a combination of video, online course materials and embedded assessment, enabling you to study at your own pace, in your own time.

The Power of eLearning with BSI

On-demand eLearning has become popular in today's connected world and is increasingly being used by individuals and organizations due to its convenience and cost effectiveness.

BSI on-demand courses are developed by subject matter experts. They contain the same high-quality content you will find in our tutor-led training but with the added benefit of being self-paced meaning you can learn at a time and place to suit you.

25% to 60%

5x

On-demand increases knowledge retention rates by 25-60% (Research institute of America)

With on-demand, participants learn nearly 5 times more material without increasing time spent in training (IBM)
